Upcoming Events

Membership Meeting

March 17, 2016

Pella

TBD

NKY Warehouse or Montgomery Showroom

CC write up.

Join us on Thursday, February 11, 2016 at Keidel Showroom for our next Membership Meeting.

The very informative session is designed around giving you bright ideas, in lighting that is. LED lighting for homes is the best method of interior lighting today and at this session we are going to tell you why.

The topic is "10 Things to do this Year to Improve your Lighting" and will help answer all your question regarding light bulbs; from what are the difference between Kelvin and Watts, to the difference between incandescent bulbs, fluorescents and LED, to a professional opinion on why you should replace every bulb in your house.

To top off the night each attendee will be given a complimentary LED lightbulb from our host.

We cannot wait to see you at this month's Membership Meeting.
