Cost:
\$10.00 per person
\$20.00 entire crew

*Sponsor a potential member and
bring them along as NARI's
guest.*

Marsh Building Products and Marsh Window & Door Classics invite Ohio Valley NARI members, their guests and prospective members to join them at their Loveland location for an evening of education, food and drink as well as door prizes.

With a focus on Marvin's replacement window and door products, they will review the latest developments in their custom all-fiberglass, wood-fiberglass, and clad-wood windows and doors specifically designed to support your replacement and remodeling business. Many of their custom products are now available with 10-14 day lead times. Representatives will also discuss the three different types of Low-E coatings available and their role in customizing the energy efficiency of windows and doors to each individual home.

Another primary focus will be a review of the new **Greater Cincinnati Energy Alliance program**, with a presentation by Lilah Glick, Marketing and Community Outreach Director of the Greater Cincinnati Energy Alliance. Their program offers up to **35% CASH INCENTIVES AND FINANCING** "to residents of 1-2 family owner-occupied homes and building owners of Hamilton County in Ohio and Boone, Kenton, and Campbell counties in Kentucky". And ANYONE "can participate in the Energy Alliance's programs: no income restrictions apply." This session will provide information on how to become a Home Performance Contractor or Installer in the "Home Performance with Energy Star" program.

Also included will be information and discussions regarding current rules on tempered glass in windows and fire-rated window requirements in Cincinnati as they relate to remodeling projects.

Register by contacting the Miami Valley NARI Office

at 937.222.NARI • fax 222.5794 • info@naridayton.org

WHO SHOULD ATTEND: Business owners, lead carpenters, business managers, sales professionals, and those interested in the growth of the remodeling industry.
