

Ohio Valley NARI
Membership Meeting

Thursday, April 18, 2013

6:00 p.m. Registration & Networking
7:00 p.m. – 8:00 p.m. Presentations & Dinner

SAVE the Date

Building Value is a nonprofit social enterprise that salvages reusable materials for sale to the public. Their efforts help the environment, reduce the cost of disposal, and give architectural gems a second life.

The speaker for the evening will be Chris Miday, the Deconstruction Manager at Building Value. Chris has extensive experience in remodeling and does so using reclaimed/reused materials from Building Value and other reuse stores. He will talk about how to “wow” your clients by thinking outside the box, incorporating unique salvaged architectural details to spark conversation and tie your projects together. With Earth Day just a few days away, come learn how you can better preserve the Earth for future generations by reusing building materials.

Cost:

\$10.00 per person
\$20.00 entire crew

Location:

Building Value
4040 Spring Grove Avenue
Cincinnati 45223

Sponsor a potential member and bring them along as NARI’s guest!
